Authoritative Coverage Of Massive Opening Complex Including The Hedgehog And.

The Encyclopedia of Chess Openings: Volume C: Indian Defenses

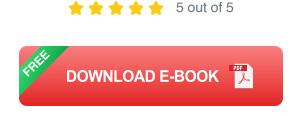

The Encyclopedia of Chess Openings (ECO) is a comprehensive reference work on chess openings, published by Informator Inf

The ECO is divided into five volumes, each covering a different group of openings. Volume C covers the Indian Defenses, which are characterized by the move 1...Nf6.

The Symmetrical English: Authoritative coverage of a massive opening complex, including the Hedgehog and Anti-Benoni

by Carsten Hansen

The Indian Defenses are a popular choice for Black players at all levels, and they have been used by many of the greatest players in history, including Bobby Fischer, Garry Kasparov, and Viswanathan Anand.

The ECO provides detailed coverage of all the main Indian Defenses, including the Nimzo-Indian, the Bogo-Indian, and the Queen's Indian.

Each opening is described in detail, with variations, sub-variations, and traps. The ECO also provides a wealth of statistical information, including the number of games played in each opening, the win rates for both Black and White, and the most popular moves.

The ECO is an essential reference work for any serious chess player. It is the most comprehensive and up-to-date source of information on chess openings available.

What's New in the Fifth Edition?

The fifth edition of the ECO has been extensively revised and updated. It includes the following new features:

- Coverage of the latest opening theory, including the latest trends in the Indian Defenses.
- New and improved diagrams and illustrations.
- An updated index.
- A new section on the Hedgehog Defense.

The Hedgehog Defense

The Hedgehog Defense is a relatively new opening, but it has quickly become one of the most popular choices for Black players at the highest level.

The Hedgehog is characterized by the pawn structure 1...Nf6 2...g6 3...Bg7 4...d6 5...O-O 6...c6 7...Re8 8...h6.

The Hedgehog is a solid and flexible opening that gives Black good chances to play for the win.

The ECO provides detailed coverage of the Hedgehog Defense, including all the main variations and sub-variations.

Who Should Buy the ECO?

The ECO is an essential reference work for any serious chess player. It is the most comprehensive and up-to-date source of information on chess openings available.

The ECO is especially valuable for players who want to improve their opening repertoire. The ECO can help players learn new openings, find new ideas in their favorite openings, and avoid common pitfalls.

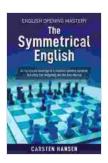

The ECO is also a valuable resource for tournament players. The ECO can help players prepare for their opponents' openings and find the best moves in critical positions.
