The book is divided into three parts. The first part, "Curatorial Practice," provides an overview of the field of curatorial practice. It discusses the different roles and responsibilities of curators, and the different types of exhibitions that they create. The second part, "Audiences," examines the different types of audiences that visit museums. It discusses their needs and expectations, and how curators can tailor their exhibitions to meet those needs.

The third part of the book, "Engagement," explores the different ways that curators can engage with audiences. It discusses the use of technology, social media, and other tools to create interactive and engaging exhibitions. The book also provides case studies of successful exhibitions that have engaged audiences in new and innovative ways.

Curatorial Practice And Audiences is an essential resource for anyone who is interested in the field of curatorial practice. It provides a comprehensive overview of the field, and it offers practical advice on how to create exhibitions that are both informative and engaging.
