

# Essential Charting Guidance To Support Medical Necessity

In today's healthcare environment, it is more important than ever to ensure that your documentation is accurate, complete, and defensible. This is especially true when it comes to medical necessity. Medical necessity is the foundation for reimbursement, and if your documentation does not support the medical necessity of the services you provide, you may not be able to get paid.

## ICD-10-CM Documentation 2024: Essential Charting Guidance to Support Medical Necessity
