Amidst the global outcry, a powerful new book has emerged to provide a comprehensive and damning indictment of the Iranian regime's systematic human rights violations. *Iran Call For Justice*, authored by a team of Iranian human rights activists, lawyers, and former political prisoners, offers an insider's account of the regime's pervasive repression and the ongoing struggle for freedom and democracy in Iran.

A Litany of Abuses

Drawing on firsthand testimonies, legal documents, and extensive research, *Iran Call For Justice* documents a litany of abuses perpetrated by the Iranian regime against its own citizens. These include:

- Arbitrary arrests and detention
- Torture and other forms of cruel, inhuman, and degrading treatment
- Unfair trials and politically motivated convictions
- Executions, including public hangings
- Suppression of freedom of expression, assembly, and religion
- Persecution of ethnic and religious minorities

The book also sheds light on the regime's systematic targeting of political dissidents, human rights activists, journalists, and members of Iran's vibrant civil society. Many of these individuals have been subjected to prolonged detention, torture, and arbitrary execution. The case of Navid Afkari, a young wrestling champion who was executed in 2020 after being falsely accused of murder, has become a symbol of the regime's brutality and contempt for due process.

Unveiling the Truth

Iran Call For Justice is not merely a catalogue of abuses but a powerful indictment of the Iranian regime's very nature. The book argues that the regime is a fundamental threat to human rights, democracy, and peace in the region. It calls for an end to the regime's impunity and for the international community to take concrete action to hold the perpetrators of these crimes accountable.

The book's authors provide a detailed roadmap for achieving justice, including:

- Imposing targeted sanctions on regime officials responsible for human rights violations
- Establishing an international tribunal to prosecute those responsible for crimes against humanity
- Supporting the Iranian people's struggle for democracy and human rights
